Rank III+18: In technical discipline areas, a work experience program will count for a Rank III+18 award. This experience credit shall be set at a maximum of 6 hours to be earned in a 12-week planned work program which must receive prior approval of the respective Associate Dean, Dean of Academic Affairs, and the College Provost/Senior Vice President for Academic Affairs and Student Success. The typical combination is a baccalaureate degree with the appropriate work experience. In exceptional cases, outstanding professional experience and demonstrated contributions to the teaching discipline may be presented in lieu of formal academic preparation for Faculty members teaching both transfer and non-transfer courses in these areas.

IMPLEMENTATION and OVERSIGHT
The Associate Dean will recommend the rank for Faculty and certify that the Faculty member has provided documentation to meet the established criteria to the Academic Dean and Campus President for approval.

All Faculty credentials will be initially reviewed by Human Resources for compliance with the criteria in this policy. Cases requiring additional review will be forwarded to the academic discipline and through the College Provost/Senior Vice President for Academic Affairs and Student Success for final resolution.
