Financial Aid Application Process
Students complete a Free Application for Federal Student Aid (FAFSA) each year. The FAFSA for the next academic year beginning in August is available beginning on or shortly after January 1 of each year. Students and parents are encouraged to have their taxes filed before completing the FAFSA. Students can maximize the amount of aid they receive if their financial aid application (FAFSA and any completed verification documents) is received by May 15th. Students who apply after May 15 may only be eligible for their federal student aid award (Pell or subsidized loans).

Scholarships
Students who wish to apply for scholarships made available through Broward College or the Broward College Foundation complete an online scholarship application available on the Broward College website.

Federal Verification
Students may be selected for verification by the FAFSA processor, or by the College. Students who are selected for verification must provide additional documentation to complete their financial aid file. When the College receives a student’s FAFSA record, any additional documentation required is posted to the student’s MyBC account as red flag items. All documentation is submitted to the Financial Aid Office for processing. When staff members review verification documents, and note conflicting information, additional documentation may be requested. Any conflicting information must be resolved before financial aid can be awarded. Online students may submit documents by scanning and emailing them or by faxing them to the financial aid office. The only exception is for citizenship verification documents which must be shown to a financial aid advisor.

Student Loans
Students applying for loans through the Federal Direct Student Loan Program for the first time at Broward College must complete online student loan entrance counseling and electronically sign a Master Promissory Note at www.studentloans.gov.

First time borrowers, borrowers who have not met Satisfactory Academic Progress standards, and students who have aggregate student loan debt of $20,000 must attend a Debt Management Workshop before a loan application is certified.

Federal Subsidized Direct Loan Eligibility
Students who are eligible for Subsidized Direct Student Loans and indicate their interest in student loans on MyBC are offered the amount they may borrow at the time other financial aid is awarded. Students indicate their final borrowing decisions by declining, reducing, or accepting the offered loan amount online.
Federal Unsubsidized Direct Loan Eligibility
Per policy, the College limits unsubsidized loans and will only award those loans to students based on the following criteria.
