Title: Complaint Process for Non-Instructional Issues	Number: A6Hx2-5.23
Policy Number: 6Hx2-5.23	Page: 1 of 4

Broward College (“College”) expects and requires that front-line staff and/or administrators attempt to meaningfully resolve informal complaints prior to reaching the appropriate appellate authority administrator as outlined in this procedure. Additionally, students are expected to follow the chain of command within the informal complaint process prior to elevating a concern to the higher levels of the College and making a formal complaint to the appropriate appellate authority. If the particular issue is not indicated in the chart below, the student should consult with the Associate Vice Provost for Student Life & Ombudsperson to determine the appropriate path for filing a complaint.

This procedure should be used when a student or prospective student has a concern about her/his education at the College. The objective of the procedure is to provide a process for students to use to resolve concerns as quickly and efficiently as possible. This complaint process is for students and prospective students, and only students or prospective students can participate in the College’s complaint process; however, nothing within this process precludes a student from seeking counsel from an advisor of their choice, who may be an attorney.

The student or prospective student brings the concern to an appropriate staff or faculty member using the steps in the resolution process below. If the student is uncomfortable with approaching the college employee directly, she/he may select an advocate inclusive of a counselor or advisor, a student dean, College Ombudsperson, or another staff member that is not a member of the complaint resolution hierarchy. The staff member and administrators will attempt to work with the student and any other persons who are involved to respond to the problem within ten (10) business days. If the complaint is not answered satisfactorily, at any step in the process, the student should progressively elevate their concerns through the process and if not resolved can make a formal complaint with the appropriate appellate authority administrator as indicated below. The appellate authority level administrator shall maintain records of complaints filed with their respective office.

After exhausting all institutional complaint processes, students and/or prospective students who believe their issue(s) are unresolved, may file a complaint with the Florida Department of Education’s Division of Florida Colleges and/or the Southern Association for Colleges and Schools Commission on Colleges, who will assist in accordance with their policies. For more information on how to contact the Florida Department of Education regarding a Complaint, students may access information at the following website: <http://www.fldoe.org/schools/higher-ed/fl-college-system/about-us/complaints.stml>.

Unless otherwise specified in a policy or procedure aligned to the specific matter in question, students should share their concerns as specified in this procedure within ten business days after the incident/issue in question becomes known. If the student is not satisfied with the response they may appeal to each higher level within ten business days. After exhausting each level of authority, they may appeal to the appellate authority administrator. The decision of each successive higher-level supervisor will be rendered within ten business days of receipt of the appeal. The Campus Dean of Students or College Ombudsperson may provide guidance and support to the student throughout the complaint process
