

**BROWARD COLLEGE<sup>®</sup>**

# **MAMMOGRAPHY PROGRAM**

**HELPING OUR COMMUNITY ACHIEVE WELLNESS**

Mammography is a specialized imaging technique that employs ionizing radiation to produce high-resolution, multidimensional breast imaging displays of soft tissue. The Mammography Program at Broward College provides radiologic technologists with the opportunity to expand their mammography knowledge while earning an Advanced Technical Certificate.

## ADVANCED TECHNICAL CERTIFICATE MAMMOGRAPHY

---

The program's curriculum is aligned with the structured education and clinical requirements of the American Registry of Radiologic Technologists (ARRT) post-primary pathway certification in mammography and meets the training requirements of the Mammography Quality Standards Act (MQSA).

Graduates are eligible to take the American Registry of Radiologic Technologists (ARRT) mammography certification exam. Visit **ARRT.ORG** for additional information.

# ADMISSION GUIDELINES

Program applications are accepted from **JUNE 1 to AUGUST 7 for the fall term, and from OCTOBER 1 to NOVEMBER 30 for the spring term.** The Mammography Advanced Technical Certificate (ATC) is designed for working professionals who hold a current professional credential from the ARRT in Radiography and a State of Florida Department of Health, Bureau of Radiation Control license. Applicants must have completed an A.S./A.A. degree or higher from a regionally-accredited institution. This is a limited-access course of study that requires an application for admission based on the entrance requirements. Selection for admission is based on a point system listed below.

Associate of Arts (A.A.) Degree	2 points	B.A./B.S. Degree	10 points
ARRT additional certification: (CT) (MR) (N) (T) (S)	5 points	Broward College Radiography Program graduate	10 points
Radiography (A.S.)	5 points	M.A./M.S. Degree or higher	15 points
Military service	5 points	<b>Maximum number of points</b>	<b>52</b>

Radiography A.S. (2131)  
Radiography  
(Hospital-Based) A.S. (21311)

American Registry of  
Radiologic Technologist  
Certification

Mammography ATC

A history of past criminal proceedings and disciplinary actions by a state or federal regulatory authority or certification board may prohibit a graduate from obtaining licensure from the State of Florida and/or certification by the ARRT. Students with such concerns should contact the Florida Department of Health, Bureau of Radiation Control, to inquire, and the ARRT to initiate an Ethics Review Pre-Application. Visit **ARRT.ORG** for additional information.

## COURSES

The Mammography Program consists of three courses. Each course is worth 3 credits.

- RTE2860** Image Acquisition and Quality Assurance in Mammography
- RTE2861** Mammography Procedures and Patient Care
- RTE2862** Clinical Education

## LOCATION

Theory courses are taught **ONLINE**. Clinical education is conducted in healthcare settings.

Scan the QR Code for more information.

## JOB INFORMATION

---

The Bureau of Labor Statistics indicates an **INCREASE** in radiologic technologist job opportunities by **6%** through 2031.

## HOW MUCH CAN I EARN?

---

Potential job salaries in this field vary based on the job type, education, experience, employer and location. Nationally, the median annual wage for radiologic technologists is **\$60,510\***.
